

Wellkin Receives Gift of Christmas Donation

(Woodstock, ON) December 15, 2022 – Execulink Telecom is pleased to launch their fifth annual Gifts of Christmas campaign with donations throughout the month of December to local charities and initiatives in the communities we serve.

On the sixth day of giving, we're donating to Wellkin! Wellkin Child & Youth Mental Wellness delivers family mental health care with a focus on children & youth living in Oxford & Elgin Counties. There are no costs required to access Wellkin and their services include assessment, treatments and education delivered by professional therapists. Each child's treatment plan is customized to address their individual needs. We love to support organizations like this, thank you for providing this support to children and youth! <https://wellkin.ca/>

The Gifts of Christmas donation program began in 2018 with the aim of giving back to local charities and generating positive engagement for recipients. After this year's donation program, Execulink will have donated to a total of 58 different local organizations, charities, and non-profits as part of their Gifts of Christmas donation program. This program has spread so much joy amongst the recipients and their networks of influence that Execulink aims to continue this tradition for years to come. For full information you can visit the official [Gifts of Christmas webpage](#).

Ian Stevens, President/CEO of Execulink Telecom, shares "We are thrilled to help the amazing non-profit organizations, groups, and charities within the communities we serve. We are proud to support their causes and hope the Gifts of Christmas program helps them to achieve their goals in the coming year."

About Execulink Telecom

In operation since 1904, Execulink Telecom has evolved from a small independent local telephone company into one of the leading telecommunications providers in Ontario. Through innovation and forward-thinking, the telecom provider has cultivated what began as local telephony offerings to provide a full-scale suite of telecommunications services including data, internet, television, mobility, and advanced voice features. These services are now available to all levels of industry, encompassing 50,000 business, enterprise, government, and residential customers.
